

Peter Gordon has been involved in the New York City healthcare marketplace since the mid 1980's starting his career at NYU Medical Center before assuming various positions at Columbia Presbyterian Medical Center where he spent 11 years with his final position as Director of Capital Finance responsible for the Hospital's Capital Financing, Investment portfolio, and CFO of the CPMC Fund the fundraising arm of CPMC. Upon leaving CPMC, Peter became the CFO of ProHEALTH a start up Physician Partnership and Management Company which grew to over 100 multi-specialty physicians in multiple locations throughout Long Island. In 1999, Peter was recruited as Executive Director to establish a multi-specialty physician group which contracted with the City of New York to provide services to its Hospital. It was during this time that Peter created PhyCARE Solutions, Inc, a US based revenue cycle Management Company with offshore capability. Peter holds a BS degree in accounting and Economics, and MBA in Finance, and is pursuing a MS degree in Healthcare Management from NYU's Wagner School of Public Health. He is involved in many organizations including HFMA, MGMA, and HLNy
